Dear Parent/Guardian:

The National Library Service in Washington now requires that patrons under the age of 18 have a parent or guardian's signature on file acknowledging receipt of NLS services and access to materials. **There has been no change to services or materials—this signature only confirms access and acceptance of services for minors.**

If you are the parent of a minor (under age 18) receiving SCTBS services, please print and sign the updated form and return it via mail to the address above. Postage is free—just write Free Matter for the Blind or Handicapped in the top right where a stamp would go.

Thank you for your early attention to this requirement; minors without a signature on file will lose access to Talking Book Services and will have to return all equipment and materials.
